Additional Information: We live about 30 minutes from Washington DC. If anyone is ever in the area, give us a holler. Purchased a house in June with Sam. Been divorced for 7 years from James. I work for a very large boat marina, we sell Sea Ray boats. Pricing range anywhere from \$15,000 to 2 million dollars. I work in the accounting department, but just like anyone else I'm wearing many hats. We have a large group of friends, there seems to be some type of party every weekend. I may never figure out this Wii thing. We attend a lot of professional sport events Washington Nationals Baseball. There is always a tailgate party that goes along with any type of game happening. I'll go see any professional football team. I'm still a big Dallas Cowboy fan. I play on a women's soccer league. This doesn't mean I'm any good at soccer, but its great exercise. All in all I think I'm exactly where I want to be in life. Could always use more money, couldn't we all, but its only money. I wish I could have attended the reunion, would have been fun to see everyone. Maybe the next one, everyone have a great time.

I will be experiencing the "Empty Nest" when my youngest daughter heads off to the UW Eau Claire this fall. I enjoy motorcycling, traveling, collecting M & M dispensers, and my Granddaughter who was born on January 17th (the same day my Son died 23 years ago). I remember the last day of school each year with picnics/parties at the Spring Valley Dam, Yoda's house, and parties on dirt roads. I also recall something happening to my Mom & Dad's car at one of the parties! (Mirror broke off, barb wire scratches all down the side, the muffler bent straight up into the back end of the car instead of out the side, dandelions stuck all over, and tire marks on a very large pillow which was inside the car - what happened/who was driving?)

Dedication

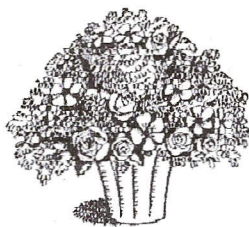

In fond memory of Gina Sandifer
(1964-1982) our former classmate.

Gina, 81-82 Homecoming Queen

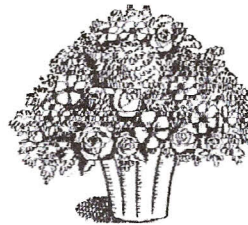

Junior Year Portrait

Walking through the forest,
On a warm and sunny day;
A child's smiling face,
Mice playing in the hay
The maple leaves in autumn,
The wild rose of spring,
A little wet nosed pup,
A song the wild bird's sing,
A fussy little foal,
All these are beautiful,
From nature they are gifts,
They warm my soul,
They turn my childish lips,
They give my heart a lift.

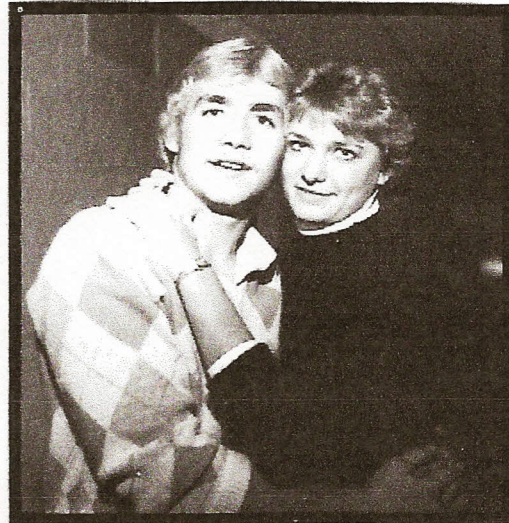

More than all of these,
A friendship that was ours,
We value a fond memory,
Of a delicate flower.
